## **Lambeth College**

### **Distance Learning - Frequently Asked Questions**

#### **Study with us!**

Over the last few years, the popularity of distance learning courses has grown remarkably. Lambeth College has met this demand by introducing a range of distance courses for students wishing to learn new skills and improve their knowledge.

Lambeth College works with nationally recognised bodies to ensure your course is a high standard and that the qualification you will receive is respected and recognised in the UK.

Our range of courses and qualifications covers:

Level 2 Qualifications Accredited by NCFE, & Cache

CPD Certified Courses (non-accredited) with online Certificate of completion

## How can I enrol onto a course?

Apply online to receive an invitation to one of our enrolment sessions

Step 1: Search for a course in our online page and apply on the course you want to sign on

[www.lambethcollege.ac.uk/courses/online-learning](http://www.lambethcollege.ac.uk/courses/online-learning)

Step 2: You will receive an invitation to our next enrolment session.

Step 3: Following college enrolment (subject to eligibility), you will receive email confirmation of your enrolment and then receive your login details within the next 48 hours to begin online/blended learning on our bespoke online platform.

Step 4: Work through your course, with a dedicated remote tutor and customer service advisor on hand to answer any questions you have.

Step 5: Once the course is completed, you will be issued with the appropriate accredited certificate.

Begin learning today and take a look at our latest courses, for more information email [onlinelearning@lambethcollege.ac.uk](mailto:onlinelearning@lambethcollege.ac.uk) or call 020 7501 5010

## How do I log in:

**At Lambeth College we are working with skilled partners to design and deliver courses of high quality, innovative online/paper based (or mixed delivery courses).**

After successful enrolment, we will be in touch to give you access through our bespoke online learning platform, EQUAL where you can access our extensive range of distance learning courses - each created to deliver easy-to-use, engaging and interactive content with features to suit each individual learner, including:

- Interactive and easy to use resources
- Engaging videos highlighting key information
- Case studies demonstrating how your new skills can be applied in practical situations
- An easy to use, integrated note-taking feature allowing you to jot down information
- A series of activities and games to support your assessment preparation.

## How do I complete assessments?

There are a set number of units to achieve dependant on qualification. You will either receive a paper-based booklet or your study will be online (dependant on chosen course) and you will have access to EQUAL online Assessments **with deadlines** for submission of your work set by tutor.

Your allocated tutor will provide insightful, understandable feedback through your EQUAL account within 4 – 7 days of submitting your work online.

### **Do I have to complete work within deadlines set?**

It is highly recommended to complete work within deadlines given to give you the highest chance of achieving your chosen qualification and to stay motivated to complete your qualification within a recommended timescale. If there are extenuating circumstances for missing a deadline, this can be re-negotiated with your tutor.

### **What happens if I do not pass a unit?**

You will be given constructive feedback and referral for work to be submitted again in order to meet unit requirements.

### **Why are accredited courses free?**

This is a time limited offer. Qualifications are a serious investment in yourself and at the college we take your commitment to succeed very seriously. Although courses are free, as a learner you will have to undertake a commitment to finish the course as Lambeth College will invest in fees in order for you to succeed.

### **What is the course cancellation fee detailed on enrolment form?**

This covers the college's costs including staffing and registration fees should you fail to complete your course. It is only chargeable if you fail to complete course.

### **What is the difference between the College's CPD offer and full accredited courses?**

Continuing Professional Development (CPD) courses are built to expand your knowledge but are not formal qualifications. You will receive an online certificate to demonstrate your knowledge building. Accredited qualifications (limited time FREE) are certified qualifications endorsed by awarding bodies upon completion you will receive a certificate from the awarding body via the College.

Our in-house student support and assessment team are committed to the constant development of EQUAL, ensuring all courses offer high quality, interactive learning which is accessible across a range of devices. So, whether you choose to learn at home on your laptop, with a tablet in your local café, or even on paper you can achieve the qualifications you require to reach the next step in your career!
